Sound The Alarm

Let the blast of the warning trumpet be heard upon my holy mountain! Let everyone tremble in fear, for the day of the Lord's judgment approaches. It is a day of darkness and gloom, of black clouds and thick darkness. What a might army! It covers the mountains like night! How great, how powerful these "people" are. The likes of them have not been seen before, and never will again throughout the generations of the world! Joel 2: 1-2 ..LB
